

An introduction to Sacred Geometry and Mandalas

No Previous Experience Necessary Saturday May 28, 9:00 – 12:00 (3 hr)

Instructor: David Rankine

This fun and quick method allows you to create complex geometric patterns and mandalas using only compasses and straight edges. No measuring needed! Watch these beautiful designs flow off the end of your pencil. This design method is a must for anyone who is interested in art, patterns in nature, architecture, garden design, music and math!

All tools provided but if you have compasses - bring them.

David Rankine

David Rankine brings over 30 years as an artist, musician, healer and educator to a new understanding of Sacred Expression through Art, Music and Geometry. His easily recognizable art inspired by early Celtic Manuscript art is found in collections across the globe.

David lectures (Uof O and UofT) and facilitates experiential workshops focused on community building, Healing, Sacred Geometry and Sacred Art at retreats, festivals and client events. He is a regular contributor to the magazines; Aontacht, OneThousand Trees and the Hindu quarterly Superior Star.

David has 10 original CD recordings, a wide range of colouring books, a medical text book and two books about Sacred Geometry to his credit. He is also Artist in Residence at St. Andrew's Church in Picton, Ontario.

He lives, works and plays music in rural Huron County in Ontario
